About the department

About the Department: The Scientific Affairs Department at Al-Mustaqbal University strives for excellence in research and academia locally and regionally. We promote publishing in reputable journals and collaborate with researchers worldwide to expand our scientific impact. Committed to sustainability, we raise awareness of environmental resource preservation. Our goal is to achieve high global rankings, attracting talent and enhancing research influence. Dedicated to advancing science and serving the community, we support the university's colleges in achieving outstanding research outcomes and securing a distinguished regional and international position.

Vision

Vision: Enhance the quality of research and scientific progress, securing a distinguished position regionally and globally. We are committed to fostering an academic environment that encourages innovation and excellence across all research fields, contributing to scientific advancement and community development. The Scientific Affairs Department at Al-Mustaqbal University aims for leadership in diverse scientific disciplines while promoting sustainability. Through our work, we strive to elevate research standards, drive innovation, and make a positive impact on both the academic and societal landscape.

Establish

The Scientific Affairs Department at Al-Mustaqbal University was established in 2023 (formerly known as the Research and Studies Unit) in accordance with the Ministry of Higher Education and Scientific Research Law No. (40) of 1988. As a vital and active department, it operates under the supervision of the Assistant President for Scientific Affairs. The department is responsible for organizing and managing the university's research and scientific activities, continuously striving to enhance and develop them.

Goals

We work to strengthen collaboration with local and international researchers to enhance the university's scientific impact and visibility.

Achieving global rankings is a key goal for the department, aiming for the highest positions in these rankings.

We place special emphasis on enhancing scientific research by publishing our work in reputable national and international journals.

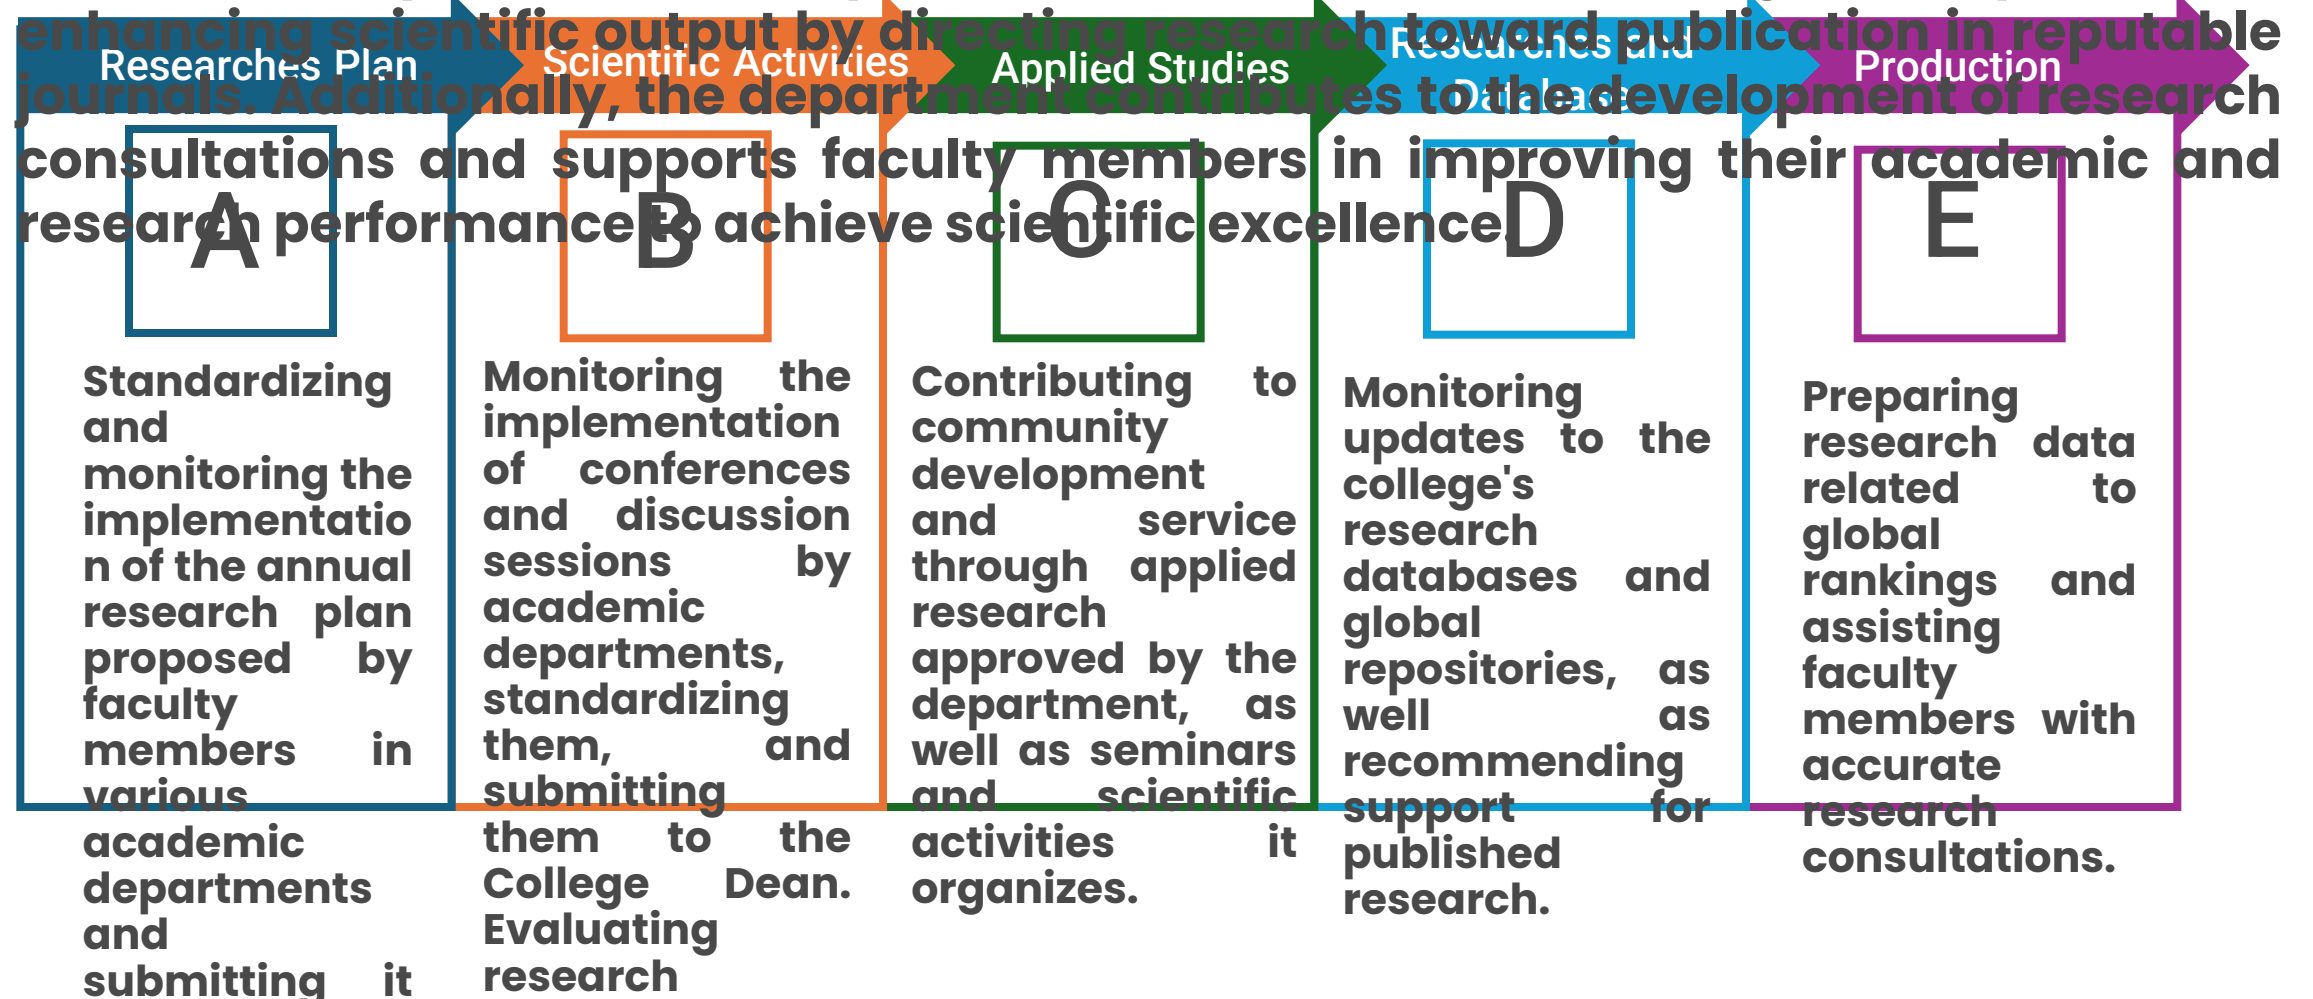

Focusing on enhancing the scientific landscape and making a positive contribution to community service and development.

Attracting top minds and researchers while increasing the global impact of our research.

We integrate sustainability into research and education, promoting environmental conservation and raising awareness among students and the community.

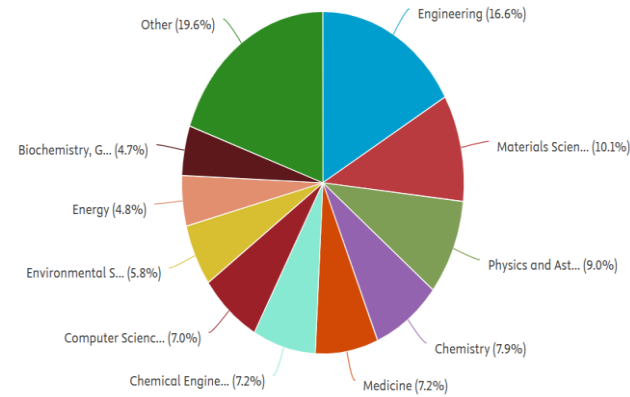

Tasks

The Scientific Affairs Department is responsible for planning and coordinating research and academic activities within the college. It oversees the implementation and monitoring of annual research plans, organizes scientific conferences and seminars, and supports applied studies that address community needs. The department also updates research databases and global repositories, enhancing scientific output by directing research toward publication in reputable journals. Additionally, the department contributes to the development of research consultations and supports faculty members in improving their academic and research performance to achieve scientific excellence.

SUSTAINABILITY LEADERSHIP

Achievements in Sustainability

Al-Mustaqbal University has achieved top positions in sustainability rankings, reflecting its active commitment to the United Nations Sustainable Development Goals. The institution ranked first among Iraqi private universities and second nationally in the Times Higher Education Impact Rankings 2024. Emphasizing green initiatives and eco-friendly policies, Al-Mustaqbal leads by example in environmental stewardship. The university's dedication to sustainability is further demonstrated through its annual Sustainability Week, a major regional event that underscores its ongoing efforts to tackle global challenges such as climate change and promote sustainable practices across the campus and community.

Collaboration with Egyptian Universities

As Part Of Its Commitment To International Collaboration, Al-mustaqbal University Strives To Enhance Scientific Research And Advance The Educational Process Through Strategic Academic Partnerships With Egyptian Universities. Recently, Several Cooperation Agreements Have Been Signed To Develop Joint Research Programs, Facilitate Student And Faculty Exchange, And Support Technological Innovation And Sustainable Development, Contributing To Higher Education Quality And Strengthening The University's Academic Standing.

Al-Mustaqbal University Hosts Two Offshore MSc Programs from Universiti Sains Malaysia (USM)

Al-Mustaqbal University (UOMUS) has strengthened its international academic collaborations by hosting two offshore Master of Science (MSc) programs in partnership with Universiti Sains Malaysia (USM) for the 2024/2025 academic year. Under this agreement, UOMUS offers USM's MSc in Electronic Systems Design Engineering (MSc. ESDE) and MSc in Clinical Anatomy, further expanding advanced educational opportunities for students in Iraq and the broader Middle East region.

The MSc in Clinical Anatomy provides specialized knowledge and practical skills essential for medical professionals seeking to excel in anatomy and related disciplines. These programs, offered through a Memorandum of Agreement (MoA) between USM and UOMUS, underscore the university's commitment to academic excellence, innovation, and global engagement.

OFFER OF ADMISSION INTO POSTGRADUATE STUDIES PROGRAMME AT UNIVERSITI SAINS MALAYSIA
Congratulations! You have been accepted to pursue your Postgraduate Studies Programme in Universiti Sains Malaysia. Details of the offer are as follow:-

Degree Specialisation	Master of Science in Electronic Systems Design Engineering Master of Science in Electronic Systems Design Engineering -Offshore Al-Mustaqbal University)
School/Center/Institute	School of Electrical and Electronic Engineering
Location	Engineering Campus, Penang (partnered with Al-Mustaqbal University, Iraq)
Programme Mode	Mixed-mode
Candidature Status	Full Time
Period of Candidature	Min : 12 months / 2 semesters Max : 24 months / 4 semesters 14/10/2024 (dd/mm/yyyy) Kindly download the Student Registration Guidelines
Date of Registration	You are required to apply for visa approval at least three (3) months prior to your expected registration date and arrival to Malaysia.
Registration Procedure	You are required to register for Malaysian Culture and Malay Language (LKM111) course and achieve minimum grade C during your period of candidature.
Student Visa	
Offer Condition(s)	
Graduation Requirement(s)	

2. The offer for the above-mentioned programme is subjected to the laws and policies of the University currently in force and which may be amended from time to time and the University reserves the right to cancel or postpone the offered programme in the event the number of registered students for the programme are fewer than the minimum limit set by the Authorities of the University.

3. As an international candidate, you are required to obtain a Student Pass for the purpose of study in USM and required to be physically present in campus to complete your student pass process. An approval letter will be issued by the Malaysian Immigration Department for you to obtain the entry visa at Malaysian Representative Office nearest to you. You will be issued a Student Pass after arrival to Malaysia. A complete medical report is also required to be completed after arrival to Malaysia at USM Health Facility Centres/Hospital USM or any Malaysian Government hospitals or clinics.

4. Please take note that the university reserves the right to withdraw the offer, should there be any incorrect information given, or you are not getting approval from the Malaysian Authority, or you are found not fit to study due to medical issues.
