

Home Health Care Services

Lecture 12

Learning Objectives

1. Define Home Health Care Services and Home Health Care Nursing.
2. Identify the Team Members of Home Health Care Services.
3. List the Types of Clients Needing Home Health Care Services.
4. Describe the Roles and Functions of Community Health Nurse in Providing Home Health Care Services.

Definition of Terms

Home Health Care Services –

They are the health services provided to individuals and families in their places of residence for the purpose of promoting, maintaining or restoring health, or of maximizing the level of independence, while minimizing illness. Services appropriate to the need of the patient and family are planned, coordinated, and made available by providers organized for the delivery of home care through the use of employed staff.

Cont.

Home Health Care Nursing-

It is a nursing specialty in which nurses provide multidimensional home care to patients of all ages. Home health care is a cost-efficient way to deliver quality care in the convenience of the client's home. Home health nurses create care plans to achieve goals based on the client's diagnosis.

Team Members of Home Health Care Services

The following people are the medical and nursing professionals with whom the client will interact with on a daily basis. Compassion, dignity and respect for client needs are their guiding principles for the relationship these individuals develop with clients and their families.

- Attending Physician- The attending physician has responsibility for all decisions made that affect your care.
- Residents, Interns and House Staff
- Specialists (physicians)
- Nurse Manager
- Registered Nurses

Cont.

- Licensed Practical Nurses
- Nurse Practitioners and Physician's Assistants
- Patient Advocate
- Patient Care Technicians
- Social Worker
- Dietitian
- Therapists
- Interpreters – An interpreter is available to provide interpretation between, patients, providers, and family members. Interpreter Services helps to facilitate language access for Deaf and Hard of Hearing individuals and people whose primary language is not their mother language.
