### Leaders in Middle East and Europe welcome Trump's Gaza peace plan

European and Middle Eastern leaders have welcomed a US peace plan for Gaza, as President Donald Trump warned Hamas to accept it.

The plan, agreed by Trump and Israeli Prime Minister Benjamin Netanyahu, proposes an immediate end to fighting, the release within 72 hours of 20 living Israeli hostages held by Hamas as well as the remains of the more than two dozen hostages who are believed to be dead - in exchange for hundreds of detained Gazans.
