-Israel has launched extensive air strikes on Beirut's southern suburbs after its military issued evacuation orders in the area.

-Baghdad (IraqiNews.com) – The Iraqi Ministry of Electricity confirmed on Sunday that Iran resumed gas supplies to Iraq at a rate of five million cubic meters per day after maintenance work was completed.

The spokesperson for the Electricity Ministry, Ahmed Musa, mentioned in a statement that the ministry restored producing capacity at the Besmaya and Mansouriya power plants following the restart of Iranian gas imports.
